

The thick line marks a pattern unit in the tapetstry.

Repeat the pattern four times in the width and finish with the far left square and a brown border such that the tapetstry is symmetric .

Repeat the pattern 6 times vertically and finish as you began.

A pattern-square holds four ends and about 16 weft. The square should be square.(quadratic)

The farthest brown edge (bord), extends over 6 threads.

Weft Colors: sheep brown, dark moss green, light moss green, orange, warm yellow and white.
